Targus

Custom Fit 360 for iPad mini 1/2, Black

THZ542US

Overview

A powerful case at a smart price – meet the Custom Fit 360. Featuring one of Targus' revolutionary achievements in design, the case rotates between landscape and portrait views on an integrated stand. The protective tray keeps your tablet safe while you carry your tablet around home and work. Protect your tablet, explore viewing angles, and keep your wallet intact. With 360 degrees of rotation, the possibilities are endless.

360-Degree Rotation - Innovation is at your fingertips. The Custom Fit 360 lets you set your tablet on a built-in stand and rotate between portrait and landscape views as you need. Flexibility has never looked so good.

Comfortable Viewing and Typing - Your iPad can do a lot – so can this case. The Custom Fit 360 has a number of different viewing angles you can explore. Set the tray down on the non-slip stand and find the angle that's right for you. Whether you're in portrait, landscape, or somewhere in between, the Custom Fit 360 is all business.

A Custom Fit for a Bargain Price - A huge performance without a huge price tag – the Custom Fit 360 is molded to fit both your iPad mini and your budget. Every detail, from the molded tray to the elastic closure band, is designed to shield your tablet from the knocks of everyday life. Keep your budget low and your expectations high.

Included Stylus - Use the provided stylus to navigate your screen without leaving smudges.

Features

- Making it simple to transition between landscape and portrait options, the 360-degree feature allows for more viewing versatility while keeping your device in the case.
- Slim, lightweight custom-fit iPad design for extra protection without added bulk
- Viewing position with built-in tab stays securely in place
- Comfortable angle for typing
- The premium soft-to-the-touch interior lining is designed to help remove dust and prevent scratches.
- Full tray with raised bezel protects the device and screen
